Local: Sala Delfim Netto, FEA 2

Promoção: Programa de Pós-Graduação em Economia, FEA-USP e Programa CAPES/SINT, Projeto “Polos à Parte: Uma Perspectiva de Longo Prazo sobre Desigualdade, Industrialização e Instituições do Mercado de Trabalho no Brasil e Suécia” (USP, Universidade de Gotemburgo e Universidade de Lund)

Participação aberta aos interessados

PROGRAMA

In international perspective, Sweden is known as a country with a high degree of economic equality and a large and generous welfare state. To the extent that it is true, this module explores the history of this state of affairs: why and how did Sweden become that way? We go back to the mid-to-late 19th century to investigate the development of Swedish society from the viewpoint of class relations, inequality and welfare policy.

Literature

Mandatory readings

Congress, Kyoto, August 2015, and the 11th Swedish Economic History Meeting in Umeå, 8–10 October 2015.

Optional readings
